## About Me

Motivated and dedicated self-learner with a strong focus on front-end web development. I have acquired my skills through intensive online courses and self-study. With a passion for creating visually appealing and user-friendly websites, I am committed to delivering high-quality work and continuously expanding my knowledge in the field.

## Courses

**Meta Front-End Developer** Present  
Honestly, pretty solid course. A lot of people were saying this course isn't for beginners but I would strongly disagree. I think the difficulty is FAIR, and really gets your brain thinking logically.

**Mimo "Web Development"** Jul 2023  
After completing this course, I gained the necessary knowledge and practical skills to design and build dynamic websites. I look forward to using the knowledge I have gained to create engaging, user-friendly websites that will have a lasting impact on both users and businesses.

## Education

**Bachelor's degree in Computer Design and Simulation** Sep 2021 - Present  
University of Žilina, Žilina
